

From Father's Desk

I would like to express my sincere thanks to everyone involved in the Annual Bazaar. Once again it was a great success. The amount of money raised for the parish was \$12,000.

On the day of the bazaar those of us not involved in the planning, solicitation of gifts from local companies, set-up and clean-up as well as the men and women from the parish who work at the bazaar from early in the day until after 6:00 p.m, don't see the hard work, we only see the final results.

It takes a great deal of planning and execution to make this such a success. It is never enough to say thank you to everyone in our parish. St. Patrick's is such a very special parish.

I count my blessings that I was assigned here more than 5 years ago. With our prayers and God's help may there be many more years ahead for all of us at St. Patrick's Church. May God bless all of us.
